

# THE NEW STANDARD IN WATER PURIFICATION

Our patented Refill Station technology transforms tap water into the world's best tasting, most purified, virus and bacteria-free water, delivered on-demand.

## Benefits:

- **Great Tasting**  
7x Advanced Purification delivers the world's best-tasting water.
- **Improve health and well-being: added minerals and electrolytes** are essential in supporting healthy body functions like immune defense, cell repair and bone strength.
- **Sanitation:** FloWater uses ozone as one of its purification processes. This is the most potent way to purify and cleanse. **Ozone is devastating to viruses and bacteria.**
- **Soft touch buttons that are easy to disinfect** and a recessed nozzle for a zero-contact promise.
